### **Education:**

2014-current: M.Sc. (Graduate) Studies toward a degree in Computer Sciences, The Hebrew

University of Jerusalem, Israel (HUJI).

Advisor: Dr. Or Tzuk, Subject: Graphical models, Machine learning, Bioinformatics,

2011-2014: B.Sc. Studies toward a degree in Computer Sciences and

Computational Biology (Honors program), HUJI.

(Israeli SAT grade-752, top 1%).

## **Professional Experience:**

2015-current: T.A. - Operating Systems Course, HUJI.

2015 spring semester Operating Systems course frontal T.A.

Some of the covered subjects: Virtualization, Scheduling, Processes, Threads,

Memory Management, File Systems and more.

Designed exercises: User-level threads (Scheduling) and POSIX threads (Bitcoin

Blockchain).

2015-current: Research Student at Dr. Or Tzuk's lab, HUJI.

Decomposed learning of constraints within structured data.

Finding topology in graphical models using the learned features. [ongoing]

2014-2015: Research Student at Prof. Nir Friedman's lab, HUJI.

Building a flexible framework for running computational experiments, efficiently,

Modelling and inference of multiple states biological system.

Simulating and estimating the dynamics the experimented system..

2013-2014: Research Assistant of Dr. Tommy Kaplan, Computational Biology, HUJI.

building a fast and efficient algorithm for big data ( $\sim$ 200 GB) processing, analysis and statistical noise modeling. (Used: Python and C++).

# Courses and relevant knowledge:

Machine Learning, Computational Biology algorithms, Optimization,, Operating Systems, Object oriented programming, Data Bases, Algorithms development, Complexity and efficiency.

 Programming languages: Python, Java, C, C++, SQL, PostgreSQL, Shell script, MATLAB, Android development.

#### Fellowships:

## The Rothschild Ambassadors Fellowship, Rothschild-Caesarea Foundation:

 A unique three-years fellowship for excellent students with full stipend. focuses on leadership development. Managed and executed two innovative projects based on a quantified and qualified research in Jerusalem.

#### **Army Service:**

2006-2008: Served as a troop and instructor in an IDF Special Forces unit.
